

NOW OPEN!

Exciting News!

We are thrilled to announce that the **Ferguson Veterinary Clinic and Orthopaedic Referrals** will officially open its doors on the 13th January!

This new independent facility is a culmination of years of dedication to providing exceptional veterinary care. We are proud to offer a specialist diplomate-led orthopaedic referral service, designed to support veterinary practices and pet owners across Scotland. Referrals are now open, and we welcome the opportunity to discuss, or accept cases. Please contact us at **01592 407788** or via email at:

● What Sets Us Apart

We are proud to operate with a **fair and value-focused pricing policy**. Our ethos is rooted in **personalised care**, ensuring that the client, patient and referring vet are always at the heart of what we do - bringing back the "good old-fashioned" referral service.

● Our Story

Many of you may already know **John Ferguson**, the visionary behind our clinic. John has a long-standing reputation for excellence in veterinary orthopaedics, having established and led the successful East Neuk Veterinary Clinic in St Monans, Fife. During his tenure, he garnered widespread respect for providing high quality orthopaedic care to patients across Scotland.

After selling East Neuk to a veterinary corporation in 2021 and taking a well deserved year off, John returned with renewed passion to design and build a modern, spacious clinic located in central Fife.

John has brought together a team of experienced and enthusiastic professionals - many of whom he has worked with before to ensure the same high standards of care synonymous with his name

About Ferguson Veterinary Clinic

Our new facility is a purpose-built general practice and orthopaedic referral clinic designed to set new standards in veterinary care. The clinic is equipped with:

- Philips Digital Diagnost 4.1 gantry-mounted DR X-Ray suite for precise imaging
- Siemens Somatom Perspective 32-slice CT scanner, providing advanced diagnostic capabilities
- GE Fluorostar-in-theatre fluoroscopy for intraoperative imaging
- Modern operating suites designed for efficiency and patient safety

Meet Our Team

Our Mission

At Ferguson Veterinary Clinic, our mission is to provide the highest standard of veterinary care in a welcoming and supportive environment. We aim to collaborate closely with referring vets, ensuring seamless communication and the best outcomes for our shared patients.

Whether you are looking to refer a case, discuss treatment options, or simply learn more about our services we are here to support you.

Steve Clarke: Leading our orthopaedic team is Steve, a renowned RCVS and ECVS Specialist in Small Animal Surgery. With decades of experience and expertise, Steve is one of the UK's most qualified orthopaedic surgeons. Having previously worked alongside John at East Neuk, Steve returns to Scotland after 13 years at the prestigious Willows Referral Centre in Solihull.
